

For those who have been admitted to
Digital visualization

Welcome to Jönköping University School of Engineering and Digital visualization, Campus i12 in Eksjö!

Accepting your place and registering for the first semester

You need to **accept this offer of admission before 29th July** in order to keep your place in the programme Digital visualization. If you miss to do that your place will go to another applicant. Go to **antagning.se** and carefully read the instructions on how to accept your place.

In this letter there is a **grey registration card** which you will be using to register yourself for the first semester. The registration will be accessible one week before the start of the programme and will be closing the same day as it starts 22nd August. Follow the instructions on the grey registration card to make sure you get registered properly. You will get a **JU email address** when you register which we will be using to communicate with you throughout the 2 years of studying.

Accommodation

Contact Eksjöbostäder, +46 381-360 70 to find out more on student accommodation. Read more about living and accommodation through private landlords on campusi12.com, *About us* and *Housing* to find out more.

First day, attendance and choosing your profile

We invite you to our premises **Monday 22nd August 2016 at 10 am** in the class room BRAGE, Campus i12, Kaserngatan 12B 4th floor, Eksjö.

Attendance on the 22nd August is mandatory. If you are unable to attend you have to report this to the reception desk +46 381-361 20 or email info@campusi12.se.

On the 22nd August you will receive a schedule and other useful information. Regular tuition, educational- and programme information will take place 23rd-25th and on the 26th you will be requested to inform us on your choice of profile, 3D visualization or Digital compositing. The first week will then finish with some fun activities together with our second year students! See separate schedule for the first week in this letter.

Sofia Delis, programme manager and Sofia Fransson, programme coordinator, will be available for further questions from 3rd August.

Sofia Delis 0381-361 63,
