

7 REASONS TO STUDY IN SWEDEN AT JÖNKÖPING UNIVERSITY

JÖNKÖPING UNIVERSITY

1 INTERNATIONAL ENVIRONMENT

Jönköping University is one of Sweden's leading universities in the area of internationalisation and has an extensive exchange programme with approximately 350 partner universities worldwide. The campus has a truly international environment with students from over 70 countries. You'll graduate with an internationally-recognized degree and hands-on experience needed for a successful global career.

2 GLOBAL CAREER

Did you know that Sweden is the birthplace of many world-shaping companies like IKEA, H&M, Volvo, Skype, TetraPak, Husqvarna, AstraZeneca and Ericsson? Why not kick-start a global career by studying in Sweden at Jönköping University!

3 PRACTICAL WORK EXPERIENCE

The university uses the business world as a platform for education- and many programmes incorporate practical elements (e.g. internships, company visits, guest lectures, case studies, etc.) for students to gain real world experience and create a network.

4 HIGHLY RANKED AND ACCREDITED BUSINESS SCHOOL

In 2015, Jönköping International Business School (JIBS), became the first business school in Sweden to receive both EQUIS and AACSB accreditations.

5 ENGLISH IS SPOKEN BY ALL

Almost all Swedes speak English well and many Swedish companies use English as their official business language. At Jönköping University, many programmes are designed and taught in English- for both Swedish and international students.

6 SAFE AND MODERN

Sweden is clean and safe, and the standard of living is high. Sweden is listed as one of the most livable countries in the world according to the UN Human Development Index.

7 THE CITY OF JÖNKÖPING

Jönköping is a student city with great student life. In Jönköping you will find most things around the corner: the long beaches of Lake Vättern; beautiful nature; leisure and sports facilities; the city centre with shops, cafés and restaurants; and a wide variety of culture venues.
