- Developing literacy as well as values on sustainability and cultural pluralism through place-based pedagogy
- Teaching and learning perspectives, including values, on sustainable development and intercultural encounters
- Action competence for sustainability in a multicultural world

Undervisningsformer

The teaching and learning consist of lectures, exercises and group discussions. Learning is supported by subsequent, individual reflections. The course uses the "Flipped classroom" model, where students are expected to prepare the campus meetings by taking part of course material and write short texts.

A digital learning platform is used.

Students who have been admitted to and registered on a course have the right to receive instruction/supervision for the duration of the time period specified for the particular course to which they were accepted. After that, the right to receive instruction/supervision expires.

Undervisningen bedrivs på engelska.

Förkunskapskrav

General entry requirements and 30 credits from the first semester of Teacher Education (Educational Science Core) or equivalent courses. English proficiency is required. Exemption is granted from the requirement in Swedish.

Examination och betyg

Kursen bedöms med betygen A, B, C, D, E, FX eller F.

The grades A, B, C, D and E are all passing grades. For courses with more than one examination, students are given a final grade based on an overall assessment of all examinations included in the course. The final grade of the course is issued only when all course units have been passed.

The examination is based on instruction and course literature.

The examination must allow for students to be assessed on an individual basis. Students may not make a second attempt at any examination (or element of examination) already passed in order to receive a higher grade. Further information concerning assessment and grading criteria is provided in a study guide distributed at the beginning of the course.

Students are guaranteed a minimum of three examination occasions, including the regular occasion.

If a student has failed the same examination three times, the student is entitled to request that the next examination is assessed and graded by a new examiner if possible. The decision to accept or reject such a request is made by the course coordinator, or, in case the course coordinator is also the examiner, by a person appointed by the Managing Director.

In case the course is terminated or significantly altered, examination according to the present course syllabus shall be offered on at least two occasions in the course of one year after the termination/alteration.

The students are examined on all intended learning outcomes.

The students are assessed by individual, written reflections, whose content is framed by the course management through questions and requirements that makes evaluation assessing to relevant learning outcomes possible. To obtain a passing grade the students must also fulfil the compulsory tasks specified in the study guide lines.

Poängregistrering av examinationen för kursen sker enligt följande system:

Examinationsmoment	Omfattning	Betyg
Examination	7,5 hp	A/B/C/D/E/FX/F

Kursvärdering

At the end of the course, a course evaluation is performed and commented on by the course coordinator and, if possible, a student/students (course developer/s). The course evaluation, which is published on the relevant learning platform and submitted to the study administration, is to function as a basis for future improvements to the course.
