On successful completion of the Pathway Life and Studies 2 course, students will:

Kunskap och förståelse

- Understand situations occurring in daily life based on knowledge of the surrounding society and cultures, and know how to act and communicate in such situations.

Färdighet och förmåga

- Be familiar with different aspects of how their transferable skills can be applied, both theoretically and in practice, and show the ability to apply knowledge and skills in new contexts.

Värderingsförmåga och förhållningssätt

- Self and peer reflection on the development of skills and abilities.
- Critical evaluation of relevant information related to the different parts of the course.

Innehåll

The Life and Studies 1 course aims to enable familiarity with society and academic life. Students will study and explore different aspects of society, such as culture, politics, history and traditions in a way that is relevant for them individually to build an understanding for the surrounding world as well as develop transferable skills to continue that exploration as a part of their life-long learning. Students will also develop study skills, and improve their understanding of the local and global academic community. The horizontal aim is to develop and strengthen student skills for participating in higher education, life-long learning and global citizenship through group work, social engagement, peer learning, reflective learning and autonomous learning whilst developing agency, ability to reconcile tensions and dilemmas, intercultural communication skills, metacognitive skills, information literacy and critical thinking.

Course content and objectives include:

- Lectures and workshops
- Compulsory study visits and community engagement
