Permanent address: "Jeevanshree", N.S Road Vadeerhobli
Kundapur, 576201 Karnataka, India.
Recent address : kärrhöksgatan 84 lgh 1308, 55612 Jönköping,
Sweden.
D.O.B : 1992/08/01

Objective

Intend to build a successful career with leading industries that encourages creativity, offers an opportunity to explore and realize my potential by utilizing capabilities, knowledge and skills with two-year experience.

Academic Qualification

- 2016.08-till date: Masters (Production Development and Management), Jönköping University Sweden.
 - Courses completed: Production development Strategy Systems, Supply Chain design, Sustainable Production etc.
 - Projects: Analysis of Reason for Backlog in Gnotec Reftele AB, Achieving Sustainability through Remanufacturing of tires etc.
- 2010.08-2014.06: Bachelor of Engineering (Mechanical), Sahyadri college of Engineering and Management, Mangalore, India.
 - Courses completed: Total Quality Management, Operations Management, Computer Integrated Manufacturing, Automotive Engineering, Design of machine elements etc.
 - Projects: Coconut Leaf Peeling Machine.

Professional Experience

2016.01 - 2016.06: Piping theory trainer, Petropipe, Mumbai, India.

Uses of components in piping. Preparing Bill of material at different stages. Creation of Isometric drawings from two-dimensional drawings. Difference in Nominal pipe size and real pipe size. Factors considered while designing the platforms.

2015.05 - 2015.12: SP3D Designer, Rolta India, Mumbai, India.

Project: Integrated Nuclear Recycling Plant (INRP)

Client: Bhabha atomic Research entre (BARC)

CURRICULUM VITAE

Design of piping systems in Smart plant 3D software. Updating model as per vendor latest drawing. Extraction of GAD and material take off. Modeling of columns and beams in SP3D. Detailed drawing of piping support as per piping standards and stress analysis. SP3D modeling of structures. Clash checking through SPR software.

2014.07 - 2015.02: VMC Operator, Esbee Precision Bommasandra, India.

Parts Produced: Motor casing, Drive shaft for motors.

Client: Bosch Limited bangalore, India.

Operating VMC and HMC. Completing the target within given period. Altering the programme when there is change in precision. Handling the materials. Changing the tool after its life time. Maintaining tool monitoring chart and report of machine.

Skills

- **Software :** 3D Modelling design Software (SP3D v11, PDMS, CATIA V5), AutoCAD and MS office
- **Language:** *Fluent* - English, Hindi, Kannada, Tulu.
Beginner – Swedish.

Hobbies

- Chess.
- Volleyball.
- Table Tennis.
- Cricket.
- Exercise
