SWEDEN

Sweden is known for being a clean, beautiful country, covered with lakes and forests and inhabited by 10 million people who are generous, kind and friendly, if a bit on the quiet side. This is a country that is regularly cited as one of the top places to live in the world.

A COUNTRY OF INNOVATION

Lots of great innovations have originated here and many Swedish companies have grown as a result of this, for example Volvo, Ericsson, ABB, H&M and let's not forget IKEA. Swedes have a talent for creative thinking and inventiveness too. For example, Skype and Spotify belong to the new generation of technological successes.

SUSTAINABILITY

Sweden is one of the global sustainability leaders and sees climate change as one of humanity's greatest challenges. Sustainability is at the heart of Swedish customs and values with Greta Thunberg as a world-known and famous spokesperson for these challenges. With her strong mindset she increases the awareness of climate change among people all around the world. "If not now, when?"

CLEAN, SAFE AND MODERN

It's a beautiful country and the standard of living is high. Sweden has an incredible welfare system and healthcare. By international comparison, it is a prosperous country where wealth is evenly distributed. The citizens love and take care of nature and the environment, which is why their country is such a beautiful and clean place to live.

EQUAL AND DIVERSE

Sweden is well-known for its inclusiveness and equality and is often cited as a country that is way ahead of the curve in terms of gender equality and LGBTQ rights. Due to high rates of immigration and an influx of employees from other parts of the world, Sweden, especially in urban areas, has become highly culturally diverse. It is a secular country but tolerant towards all religions and faiths.

*” When you come here,
you are free to be
yourself just the way you are.*

RICH IN ARTS AND CULTURE

Sweden is a powerhouse in the fields of design, fashion, music, film and literature. It is the biggest exporter of pop music in relation to GDP, boasting international acts such as First Aid Kit, Robyn, Zara Larsson and the late Avicii. There are plenty of ways to get involved in arts and culture, from singing in choirs, to seeing plays, gigs and concerts and visiting museums up and down the country.

JÖNKÖPING

Home of JU

Jönköping lies on the southern shores of Lake Vättern. It's a beautifully situated city, surrounded by lakes, with stunning waterfront views. It's a city with a lot to offer – stylish bars and restaurants, cosy cafes and shopping streets, theatres and music venues, lakes where you can row, kayak and do other water sports, and many beautiful parks to chill out with friends and enjoy some down time.

GREAT LOCATION

The city is well placed in the southern part of Sweden with good connections to the major cities in northern Europe. JU is located in the heart of the city which makes it a perfect spot to set out and explore. Just around the corner from campus, you'll find Lake Munksjön's thriving promenade, which is often filled with people, especially in the spring and summer.

STUDENT CITY

Student life spills out into the city and many student events, such as the famous Spring Inspiration, a fashion show run by students, invite the citizens to join.

GROWING BUSINESS COMMUNITY

But there's much more to Jönköping than being a great place for fun and recreation. This is a city that lies in one of the fastest growing regions in Sweden. It has a well-deserved reputation for fuelling innovation and offers a favourable business environment where many successful companies already thrive, and new ones are born.

Local industry and the business community actively seek out our knowledge and expertise and want to collaborate with us and our talented students. It is truly a great place to come and study, and potentially start a new career.

CITY OF DREAMHACK

One example of young entrepreneurship that has put Jönköping on the map is Dreamhack, one of the world's largest digital festivals, which is hosted in Jönköping twice a year and has attracted over 300,000 visitors to the city since 2001.

SPORT CITY

Jönköping is home to several big sports teams such as – the ice hockey legends HV71 and football heroes J-Södra, as well as many other successful teams in basketball, handball, etc. Sport is a big deal here and there is a huge amount of sports associations and clubs to join, and year-round sporting events to enjoy.

“Studying at JIBS has been the best experience! It’s culturally diverse there.”

An Thuy Nguyen

Former exchange student from Royal Melbourne Institute of Technology, Saigon South, Vietnam

WHY DID YOU CHOOSE TO GO ON EXCHANGE?

I wanted to live and learn in a different culture. The good thing about coming to JIBS is that there are a lot of international students, which means the exchange of culture isn’t just with Swedish people, but with those from many other countries as well.

I had a wide range of courses to choose from as so many are delivered in English. The staff there is very supportive and friendly to international students, and the lecturers are so enthusiastic and always encourage students to develop critical thinking.

WHAT IS THE BEST THING ABOUT JIBS?

Studying at JIBS has been the best experience! It’s culturally diverse there.

WOULD YOU RECOMMEND EXCHANGE STUDIES TO OTHER STUDENTS?

Yes, definitely. Besides the many studying options, the university provides excellent

services to support international students in various stages of the exchange application, especially the pre-departure process. Jönköping University also offers an accommodation service, so international students like me don’t have to worry about finding a place to live. So, it was pretty easy and thanks to JU I didn’t worry so much before coming here or during my stay. I had a wonderful time here in Sweden!

COURSES – AUTUMN 2022

"It is easy to meet new people"

Patricia Alonso Muela

former exchange student at JU from Escuela Técnica Superior de Ingenieros Industriales (ETSII), Universidad Politécnica de Madrid (UPM) Spain.

WHY DID YOU CHOOSE TO GO ON EXCHANGE?

I wanted a unique experience that improved my language skills, made me more independent and opened my mind to a new culture and a new way of working.

WHAT IS THE BEST THING ABOUT JÖNKÖPING UNIVERSITY?

It has to be the international environment and the student life – there are lots of student associations and activities to do, which makes it easy to meet new people.

Also, the facilities here are amazing: the library, the student restaurants, the computer labs. Everything is open 24/7. JU has done a great job with their computer system here, you can log on and work anywhere on campus.

WOULD YOU RECOMMEND EXCHANGE STUDIES TO OTHER STUDENTS?

Yes, I would, and I would especially recommend JU as I felt more comfortable with the learning system there and their grading system was also more practical

than the one in Spain. Furthermore, JU has a career centre that can help with your CV and prepare you for job interviews. It's a good idea to come here for your final year of studies, so that you can get ready for setting out on your future career!

COURSES – AUTUMN 2022

Students can only apply for courses at the JU school they are nominated to and with which their home university has an exchange agreement.

Although all bachelor programmes are primarily taught in Swedish, there are many elective courses in English that are offered to our exchange students.

A PLACE TO GET INSPIRED

We have a welcoming study environment offering a close dialogue with professors and lecturers. Openness, inclusion and creativity are words that describe both the educational programmes and the school's way of working.

DRIVEN BY NEW IDEAS

Our research aims to constantly add new aspects to what we already know and

open up fresh platforms for knowledge, interaction and communication. The research areas focus on the conditions for education and communication. It spans the humanities, behavioral sciences, social sciences, theology, natural sciences and media and communication sciences. We offer doctoral programmes in education, media and communication science and disability research.

FOCUS ON SUSTAINABILITY

Globalization, climate issues, digitalization and inclusion in society are aspects of sustainability that are central to both education and research. We have a new master environment, starting in August 2022, composed of three different programmes within the fields of Media and Communication Studies, Education, and Global Studies, with a joint thematic focus on sustainability.

ROOF TOP GARDEN

On the top floor of the building we have a garden with a greenhouse, growing boxes and garden furniture. The Student association "Students for Sustainable Action" runs a project on urban farming where both Swedish and international students are involved.

“The student life is amazing”

Gemma Black

former exchange student at School of Health and Welfare, JU from La Trobe University, Melbourne, Australia

WHY DID YOU CHOOSE TO GO ON EXCHANGE?

I knew that I wanted to experience nursing practice in another country and that by doing an exchange I would be able to gain a significant amount of knowledge, skill and technique that I would be able to bring home to Australia. I also love travelling and this was the perfect opportunity to broaden my horizons, meet new people of different nationalities and flourish as an individual.

WHAT IS THE BEST THING ABOUT JÖNKÖPING UNIVERSITY?

The student life is amazing, with plenty

of events for both regular and exchange students. The Kick Off week was lots of fun and the festival at the end was definitely the highlight for me.

WHAT IS YOUR FAVOURITE MEMORY?

Swimming in the lake with my friends, plus all my travel adventures!

WOULD YOU RECOMMEND EXCHANGE STUDIES TO OTHER STUDENTS?

Personally, nursing and caring for people is my passion – so being able to continue

Photo: Rebecca Nygren

studying my passion overseas is something I will cherish forever. I would highly recommend doing an exchange to all students – it's an incredible opportunity to gain independence and get a different perspective on your studies and future career.
