School of Education and Communication

This document is one of four bases of assessment for School Located Studies. The bases are:

- 1. Communication with mentor
- 2. Communication with student
- 3. Assessment-document
- 4. Other documents (for example assignments regarding reflection and planning)

Basis of Assessment for School Located Studies

Intended Learning Outcomes (ILO). The mentor signs the chosen assessment for each ILO.

Overall Assessment for School Located Studies

	Knowledge and understanding. The student demonstrates:			Skills and abilities. The student:			Judgement and approach. The student:			
ILO	Fundamental knowledge of subject matter as well as teaching methods for teaching the assigned grade level	Basic knowledge of childrens' development, learning, needs and qualifications relevant to the actual teaching and learning	Basic knowledge and understanding of the context in which the teaching takes place, such as national curriculum expectations specific to grade and subject taught	Displays the capacity to plan and perform limited teaching activities based on the curriculum documents	Demonstrates communica- tive ability in listening, speaking and writing to support teaching and learning activities	Demonstrates basic evaluation and assessment skills and the ability to analyze pupils' learning in relation to the demands of the curriculum	Has developed an understanding of and an ability to adopt a professional attitude based on knowledge of the varying needs of pupils and the democratic mission of the school	Has observed examples of and reflected on how cooperation between pupils, parents, and colleagues may work	Demonstrates capacity to reflect on actual practice in school, own experiences and development, in the light of previous experiences from theoretical studies, and earlier practicums	Demonstrates capacity to reflect over the fundamental values of the Swedish School, including the Human Rights and democratic values
