

Jönköping June 20, 2020

Dear Student,

Congratulations! We are pleased to inform you that you have been accepted into the international master's program in *Swedish Preschool Education* at Jönköping University's School of Education and Communication.

You will be joining a select group of students from around the world and Sweden who share a deep interest and commitment to developing holistic early childhood education. Our program provides rigorous training in the policy, pedagogy, and research that define Sweden's long history of early childhood education and care provision. This training combines intensive individual and group work through a mixture of lectures, seminars, workshops, and site visits to preschools in and around the Jönköping municipality.

Please read the accompanying materials. These materials provide a detailed description of the program, including specifics regarding what will be required of you in order to successfully complete the program.

Congratulations once again. We hope you will join us in August!

Best,

Robert Lecusay
Assistant Professor & Program Coordinator
