

## Call for Papers

### Workshop on Pension Dashboards and Retirement Behavior May 22 – 23, 2025, in Jönköping, Sweden

We invite researchers to submit full papers or extended abstracts for the Workshop on Pension Dashboards and Retirement Behavior. The workshop will serve as a forum for academics and practitioners for discussing the latest research and developments in these areas. As pension tracking systems become increasingly prevalent, the event will offer a valuable platform for collaboration and networking. In addition, the workshop will invite leading experts to share insights from their practical experience of creating, implementing, and working successfully with pension dashboards in Europe. We welcome submissions from various fields.

Questions of interest include:

- How do individuals plan for retirement and withdraw their pension?
- Who uses pension dashboards and how?
- Can pension dashboards and other digital tools help to improve retirement planning and decisions?
- How should pension dashboards be designed to improve planning and retirement outcomes?

The workshop is organized by Jönköping International Business School and will be conducted in Jönköping, Sweden. The keynote speech will be delivered by **Tabea Bucher-Koenen** (ZEW and University of Mannheim).

#### Submission:

Those interested in presenting their work at the workshop are invited to upload a research paper or extended abstract by January 24, 2025, at <https://esmaker.net/nx2/s.aspx?id=872950cf3411>. Authors of accepted papers will be notified by February 21, 2025. Presenters have to carry their own expenses for transportation.<sup>1</sup> Accommodation (2 nights with an option for a 3rd night if the travel connection requires) will be covered by Jönköping International Business School. There will be no participation fee.

#### Important dates:

- **January 24, 2025:** Deadline for submitting research papers or extended abstracts
- **February 21, 2025:** Notification of acceptance
- **March 21, 2025:** Deadline for registration
- **May 22 – 23, 2025:** Workshop on Pension Dashboards and Retirement Behavior

Scientific committee: Johannes Hagen, Thomas Post, Jana Schuetz
