

Reinstalling Windows 10

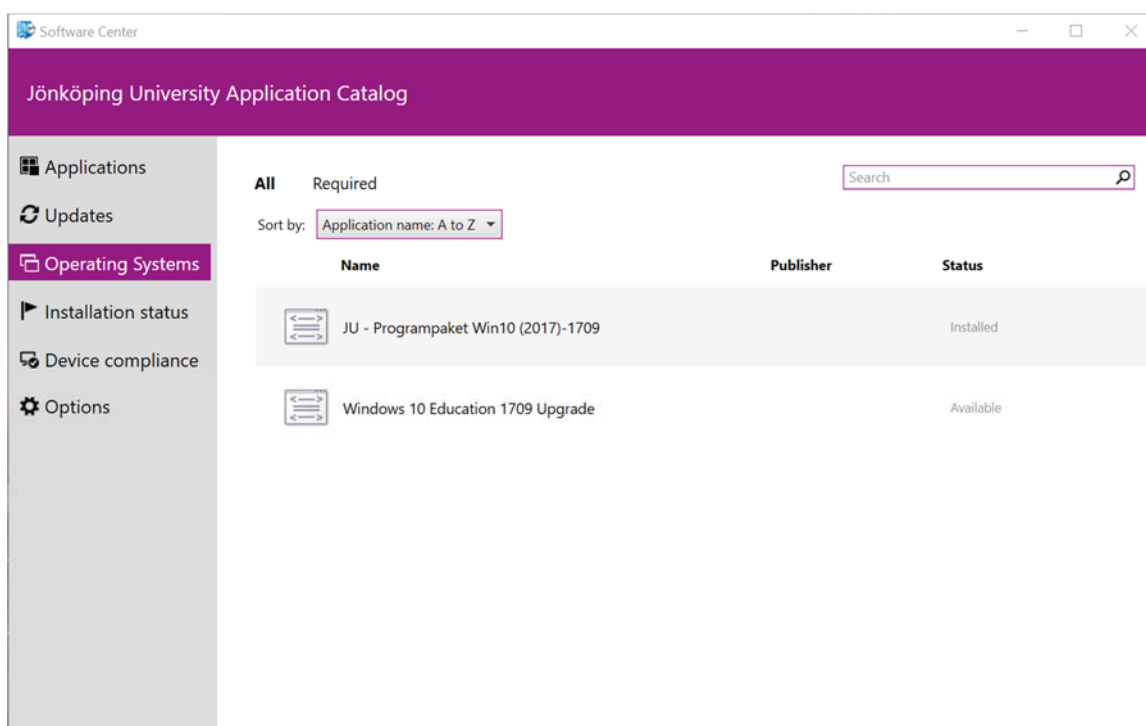

JÖNKÖPING UNIVERSITY

You can start a reinstallation of Windows 10 by yourself. Before doing so, please see <http://ju.se/en/it-helpdesk/reinstallation/important-when-reinstalling-the-computer.html> to prepare for the reinstallation of your computer.

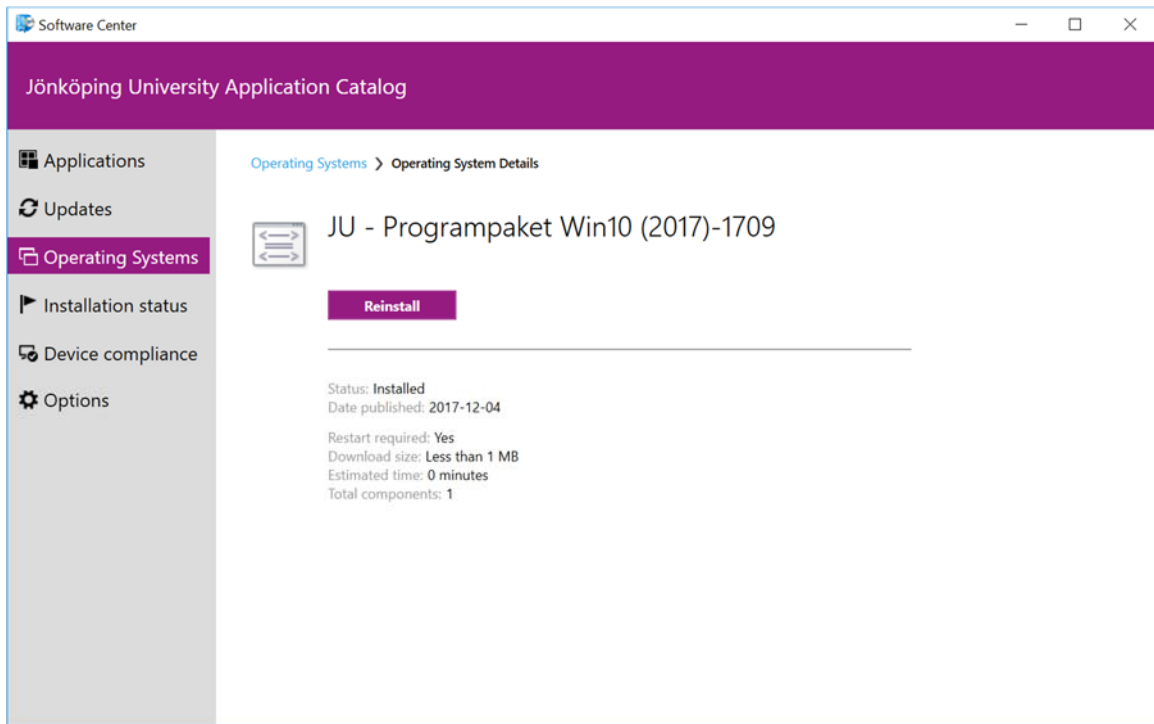

Open **Software Center** from the Windows 10 desktop.

Click on **Operating systems**.

Select the **Program package “JU – Programpaket Win 10 [...]”**

Click "Reinstall"

Click "Install", then wait for the installation process to finish. This may take a couple of hours.
