

COURSE SYLLABUS

Anatomy and Physiology, basic course, 7.5 credits

Anatomi och fysiologi, grundkurs, 7,5 högskolepoäng

Course Code:	HANA17	Education Cycle:	Basic level
Confirmed by:	Utbildningsrådet Mar 1, 2010	Disciplinary domain:	Medicine
Revised by:	Department head Jul 3, 2017	Subject group:	ME1
Valid From:	Aug 28, 2017	Specialised in:	G1N
Version:	7		
Reg number:	2017/2771 (313) Avdelningen för naturvetenskap och biomedicin		

Intended Learning Outcomes (ILO)

Upon completion of the course the student should have the;

Knowledge and understanding

- describe and explain human basic descriptive anatomy
- describe and explain human basic physiology

Contents

The course content consists of a basic part about all organ systems in the human body accompanied with adequate medical terminology.

Type of instruction

The course is implemented in the form of lectures, seminars and laboratory lessons.

The teaching is normally conducted in Swedish, but can occasionally be in English.

Prerequisites

General entry requirements.

Examination and grades

The course is graded A, B, C, D, E, FX or F.

Exam form

The first examination, within the course period, will be a written or an oral individual examination (stipulated at day one). Retakes will be written individual examinations.

Examiner

A university lecturer serves as the course examiner

Registration of examination:

Name of the Test	Value	Grading
Examination	7.5 credits	A/B/C/D/E/FX/F
