

COURSE SYLLABUS

Human Physiology and Anatomy for Nurses, 7.5 credits

Människans fysiologi och anatomi för sjuksköterskor, 7,5 högskolepoäng

Course Code:	HMYG18	Education Cycle:	First-cycle level
Confirmed by:	Utbildningsrådet Oct 3, 2017	Disciplinary domain:	Health sciences
Valid From:	Aug 27, 2018	Subject group:	OM1
Version:	1	Specialised in:	G1N
Reg number:	2017/4142 (313) Avdelningen för naturvetenskap och biomedicin	Main field of study:	Nursing

Intended Learning Outcomes (ILO)

Upon completion of the course the student should have the;

Knowledge and understanding

- describe and explain human basic descriptive anatomy
- describe and explain human basic physiology

Contents

The course content consists of a basic part about all organ systems in the human body accompanied with adequate medical terminology.

Type of instruction

The course is implemented in the form of lectures, seminars and laboratory lessons.

The teaching is normally conducted in Swedish, but can occasionally be in English.

Prerequisites

Examination and grades

The course is graded A, B, C, D, E, FX or F.

The first examination, within the course period, will be a written or an oral individual examination (stipulated at day one). Retakes will be written individual examinations.

A university lecturer serves as the course examiner.

Registration of examination:

Name of the Test	Value	Grading
Individual written examination	7.5 credits	A/B/C/D/E/FX/F
