

## COURSE SYLLABUS

# Human Physiology and Anatomy for Nurses, 7.5 credits

*Människans fysiologi och anatomi för sjuksköterskor, 7,5 högskolepoäng*

---

<b>Course Code:</b> HMYG18	<b>Education Cycle:</b> First-cycle level
<b>Confirmed by:</b> Utbildningsrådet Oct 3, 2017	<b>Disciplinary domain:</b> Health sciences
<b>Valid From:</b> Aug 27, 2018	<b>Subject group:</b> OM1
<b>Version:</b> 1	<b>Specialised in:</b> G1N
<b>Reg number:</b> 2017/4142 (313) Avdelningen för naturvetenskap och biomedicin	<b>Main field of study:</b> Nursing

---

### Intended Learning Outcomes (ILO)

Upon completion of the course the student should have the;

Knowledge and understanding

- describe and explain human basic descriptive anatomy
- describe and explain human basic physiology

### Contents

The course content consists of a basic part about all organ systems in the human body accompanied with adequate medical terminology.

### Type of instruction

The course is implemented in the form of lectures, seminars and laboratory lessons.

The teaching is normally conducted in Swedish, but can occasionally be in English.

### Prerequisites

### Examination and grades

The course is graded A, B, C, D, E, FX or F.

The first examination, within the course period, will be a written or an oral individual examination (stipulated at day one). Retakes will be written individual examinations.

A university lecturer serves as the course examiner.

Registration of examination:

Name of the Test	Value	Grading
Individual written examination	7.5 credits	A/B/C/D/E/FX/F
